Final adjournment.

The Boston Committees

Herewith are presented a few notes about some of the many plans which are being made by the Local Committees for the convenience of the members.

INFORMATION COMMITTEE.

The Committee on Information is planning to have an Information Bureau at the Conference Headquarters, where it will maintain a post-office, telegraph office, arrangements for checking parcels, "lost and found" rendezvous, and information about trains and historical and charitable places of interest.

There will be ladies ready to give any assistance that they can to add to the comfort and enjoyment of the members of the Conference.

EXHIBIT COMMITTEE.

The Committee on Exhibits hopes that the exhibits this year will illustrate the subjects discussed at the meetings of the Conference; that they will help to interest and instruct members and visitors on these subjects, rather than distract their attention to other subjects. Hence, the Section Committees are asked to co-operate in planning the exhibits.

Some exhibits will be technical and intended for detailed study of experts in particular fields. For example, the exhibit of the Exchange Branch of the Charity Organization Societies, of immense value to persons who are planning or reorganizing societies; and an exhibit considering various children societies blank forms—classified not by society, but by function—an exhibit to be discussed at a meeting of the Children Section.

It is hoped that some popular exhibits will help the speakers at the Conference to arouse many Bostonians, as well as visitors, to greater and more effective activity for social betterment.

The Committee calls attention to the Social Museum at Harvard University—a collection of photographs, models, diagrams and charts—which illustrates many movements of social welfare and industrial progress in various foreign countries as well as this country. The members of the Conference will be welcomed at the Museum.

Instead of bringing some other exhibits to the Conference, it seems best to take those members of the Conference interested in certain subjects to these exhibits, as, for example, the Confidential Exchange of the Boston Associated Charities, the settlements, good and bad housing and factory conditions, etc.

COMMITTEE ON RECEPTION AND EXCURSION.

The Committee on Reception and Excursion plan the following:

On Friday afternoon, the Conference will go to Harvard University and an opportunity will be offered to inspect its interesting Social Museum and, later, to visit other places in Cambridge of historic interest, including the "Washington Elm" and "Craigie House", the headquarters of General Washington and the home of the poet Longfellow.

Saturday afternoon will afford an admirable opportunity for an excursion down the harbor and, without leaving its land-locked waters, to visit Nantasket Beach.

For Monday afternoon, the Conference is invited to visit two of the principal estates in Brookline.

HALLS.

The meetings of the Conference will be held in Tremont Temple (on Tremont Street) and in Ford Hall (corner of Bowdoin Street and Ashburton Place, beside the State House).

The Section meetings will be held in smaller halls in the same buildings or in their immediate vicinity.

The halls are all new, commodious, well ventilated, and quiet. They are readily accessible from the Park Street Station of the Subway, although they are not directly on any car line.

HEADQUARTERS.

Registration will begin on Monday, June 5th, at 1:00 p. m., in a room in the basement of Ford Hall. After Wednesday at noon the permanent Headquarters will be located in rooms of the Boston University at Ashburton place. All members who can make it convenient to do so are requested to register on Monday and Tuesday.

RAILROAD ARRANGEMENTS AND REDUCED RATES.

A rate of one fare and three-fifths on the certificate plan (plus a fee of 25c for validating) has been granted by the New England Passenger Association, the Eastern Canadian Association, the Southeastern Passenger Association, and the Trunk Lines Association for all its lines excepting that of the New York, Ontario & Western R. R. This reduced rate is based on two hundred certificates, in all, as far as the Southeastern Association goes and on one hundred for all the rest.

The Central Passenger Association declines to co-operate in the reduced rate, alleging as a reason that legislative action has established a minimum passenger fare of 2c per mile in the States in which the roads belonging to that Association operate. Of course their refusal has the effect of blocking the way of the Associations further West.

The Western Passenger Association reports that there will be favorable summer excursions available throughout its territory.

The Trans-Continental Association also announces nine month tourist tickets, which are about equal to one and one-third fares or two cents per mile, and also other excursion rates which may be available.

It may be well for delegates coming from the West and Southwest to buy tickets at tourist rates as far as the gateways of the Trunk Line and Southeastern Association territory, i. e., Buffalo, Niagara Falls, Pittsburg, Erie, Parkersburg, W. Va.; Cairo, Memphis, Vicksburg, etc., and to purchase tickets to Boston from such points on the certificate plan, but each person will do well to confer with his local ticket agent to find out just what these rates will be.

The reduced rates are good as follows: Going from June 3rd to June 9th inclusive. Returning from June 9th to June 17th inclusive.

Conditions.

To secure the reduced rate the following conditions must be complied with:

First—A first-class single trip ticket to Boston must be purchased, for which the regular fare must be paid.

Second—A certificate must be obtained from the ticket agent when the ticket is purchased.

Third—The certificate must be signed in ink by the passenger.

Fourth—The certificate must be deposited with the General Secretary of the Conference for validating, on arrival in Boston and the validating fee of twenty-five cents must be paid when the certificate is deposited.

Fifth—The validated certificate, which entitles the original purchaser to a return ticket at one-third fare, can be obtained from June 9th to 14th.

To Avoid Disappointment Make Sure:

First—That your local ticket agent is supplied with certificates. Sometimes they are without them. Therefore, if your station is not in a large city, ascertain a few days ahead, that the ticket agent has the certificates and that he is informed of the rate.

Second—That you have plenty of time to buy your ticket, get the certificate and check your baggage. At least thirty minutes is usually required for this.

Third—That you get a **CERTIFICATE** and not a **RECEIPT**. The latter would be of no avail in securing the reduced rate for the homeward journey.

Fourth—That your certificate is duly **VALIDATED** at Boston. It is useless without that. This can only be done on the appointed dates and after **ONE HUNDRED** certificates have been deposited; **THEREFORE**:

Fifth—Deposit your certificate with the Secretary as soon as you arrive at Headquarters.

Special Notice.

A certificate is required with each ticket.

The certificates and reduced rates are not good in cases when the full one way fare is less than seventy-five cents.

The validated certificate is not a ticket, but entitles you to buy a return ticket at one-third fare on or before June 17th and begin your homeward journey not later than that day.

That no excursion, clergyman's rate or other reduced rate ticket entitles the holder to a certificate, nor can the same be counted in estimating the required number of one hundred by the Associations requiring that number. The Southeastern Association, which requires two hundred, allows the counting of clergymen's permit tickets, etc.

That no refund, nor any other reduction can be secured on account of failure to secure the regular certificate from whatever cause.

If for any reason the ticket agent at your point of departure cannot supply you with a certificate, buy a ticket to the nearest point where they are available, and purchase your ticket there.

Excursions by Railway, River, Lake and Ocean

Many delegates from the West will wish to combine a pleasant summer excursion with their trip to Boston. The Canadian Pacific announces an excursion rate on favorable terms. The following extract is taken from a letter from the General Passenger Agent of the Canadian Pacific R. R.:

"Allow me to call your attention to our special rates to Boston, which would permit passengers to travel through Eastern Canada. A most interesting trip could be arranged via Detroit and Toronto, thence to Kingston from which point steamer may be used to Montreal through the beautiful Thousand Islands and the thrilling rapids of the St. Lawrence River, continuing from Montreal to Boston through the White Mountains of the New England states. Returning, passengers may travel through Ottawa, the Capitol of the Dominion. We also give a free side trip from Toronto to Niagara Falls across Lake Ontario on the splendid steamers of the Niagara Nav. Co. to Lewiston, and thence to Niagara Falls by the Gorge Route through the wonderful Great Gorge of Niagara.

"During the summer months, we have an exceptionally low round trip rate via this route and the tickets are limited to 30 days from date of sale, allowing stopovers at all points in Canada within the final limit. This round trip rate from Chicago last year was \$30.10, including trip via steamer down the St. Lawrence River. The regular one way rate from Chicago to Boston via the same route is \$30.65; you will note, therefore, that this round trip rate is practically a one-way-rate.

"There is another rate to Boston via Montreal, the return trip being through New York, Norfolk, Washington, D. C., thence via direct routes to starting point. This is a most attractive summer trip and combines a combination rail and water trip, including all the principal points of the East.

"The members of the Association would, we are sure, enjoy the trip through Canada and a most interesting itinerary could be arranged which would permit of the side trip to Niagara Falls and including the trip through the wonderfully interesting islands and rapids of the St. Lawrence River."

The Ocean Steamship Company of Savannah offers favorable excursion rates from Savannah, Ga., to Boston by sea. The round trip rate between Boston and Savannah is \$37.50, including meals and berth. The voyage takes about three and one-half days. For particulars address J. C. Horton, Pier 35, North River, New York City, or J. E. Carmack, 212 W. Bay St., Jacksonville, Fla., or 4th National Bank Bldg., Atlanta, Ga.

The Merchants and Miners Transportation Co. advertises excursion rates from Norfolk, Baltimore and Philadelphia by Direct Steamers to Boston, the round trip rates including meals and berth being, from Norfolk or Newport News \$22.00, from Baltimore \$25.00, from Philadelphia \$21.00. For particulars address the Merchants and Miners Transportation Co., Baltimore, Md.

The M. & M. Transportation Co. offers also the following route from the West. From St. Louis the Wabash will have on sale tickets reading via Wabash, Buffalo, N. Y., and New York Central & Hudson River R. R. to Boston, returning from Boston via The Merchants & Miners Transportation Company, (Steamship Lines), via Norfolk and Baltimore, through Washington, D. C., at \$45.90. This ticket is good for 60 days and allows stop over at Norfolk, Old Point Comfort, Baltimore and Washington, D. C., and the Summer Resorts on the lines of either the Baltimore & Ohio or the Chesapeake & Ohio in Virginia and West Virginia, or for \$47.50 you can purchase a ticket via Buffalo and New York City, thence to Boston, returning from Boston via

this Company's lines. Tickets returning from Boston via our line include meals and stateroom berth from Boston to either Norfolk or Baltimore. These tickets are good returning to St. Louis via the Chesapeake & Ohio or the Norfolk & Western direct from Norfolk, or from Baltimore in connection with the B. & O. R. R. or C. & O. Ry.

LOCAL WESTERN TRANSPORTATION COMMITTEES.

Several active members of the Conference, in certain cities of the Middle West, have undertaken to act as committees of one or more to help work up delegations to Boston, and make convenient railroad arrangements.

In St. Louis the committee consists of Mr. W. H. McClain, of the Provident Association; Prof. Riley, and Miss Mary E. Perry. Their plan is to bring all the people from the West as far as Denver, Topeka, Kansas City and St. Louis, in special cars by the Wabash Route. The rate from St. Louis is \$35.00 round trip, coming and going the same way. The party will leave St. Louis on Monday evening, June 5th, arriving in Boston, Wednesday morning. Alternate return routes may be taken as follows: By boat between Buffalo and Detroit without extra charge, (this variation is good either way, going or coming): by the St. Lawrence River to Kingston for \$4.50 additional: from Detroit by way of Mackinaw and Chicago for \$8.00 additional. The committee is also hoping to arrange for return routes by way of New York and by way of Norfolk, Va., for \$10.00 additional. Stop overs are allowed at various places. See notice from the M. & M. Transportation Co. below.

In Chicago Mr. Sherman C. Kingsley of the United Charities is in charge of transportation plans.

In Minneapolis Mr. Eugene T. Lies of the Associated Charities is the committee.

In Cincinnati Mr. C. M. Hubbard of the Associated Charities is active.

In Pittsburgh Mr. A. W. Gutridge, who is temporarily substituting for Mr. Weller with the Associated Charities, is acting as a committee.

Any member from the vicinity of the cities mentioned above will find it advantageous to correspond with the committees named.

HOTELS.

There cannot be any headquarters hotel, because there is no one hotel in the city which can accommodate any large portion of the members. The Hotel Bellevue is located most centrally with reference to the meeting places, and many of the officers and some of the principal speakers will probably be quartered there. It has a fair-sized lobby and its restaurants are not crowded. It may, therefore, serve to some extent as an informal rendezvous. The Parker House and Young's are also near the meeting places, and will be used to quarter some of the principal speakers, but their lobbies will be of little service for conference purposes, and their restaurants are heavily taxed in the middle of the day by their ordinary patronage.

The local committee are not undertaking to assign hotel accommodations to anyone except officers and speakers. Others who wish rooms at hotels must write direct to the hotels. Early application should be made for reservations as persons arriving at hotels without having reservations are likely to be disappointed in securing accommodations. The location and terms of hotels will be found in the following statement. They are arranged according (approximately) to their distance from the halls.

ROOMING ACCOMMODATION OUTSIDE OF HOTELS.

Boston is well provided with Boarding and Rooming houses and a list of houses, all of which have been visited and inspected with special reference to the use of the members of the Conference, will be on hand at headquarters.

The average expense for rooms will be about \$5 for the week. It may be possible to secure them for less.

The headquarters of the Conference is in the district of the city which has many good restaurants.

Those desiring rooming accommodations outside of hotels will be placed, as far as possible, near the Conference Headquarters.

A limited number of persons can be provided with room and board in the same house at about \$12 a week.

For particulars, write Miss Laura E. Gilman, 264 Boylston St., Boston.

DIRECTIONS FOR REACHING HOTELS ON ARRIVAL IN CITY.

Persons arriving by the New York, New Haven & Hartford R. R. should leave trains at Back Bay Station, and those arriving by the Boston and Albany R. R. (New York Central R. R. lessee) should leave trains at Huntington Avenue station for all hotels except Hotel Essex (1), United States Hotel (2), and Adams House (3); for those three hotels they should continue in their trains to the South (terminal) Station. Street car service, which lands passengers (though in some cases requiring a change of cars) within one to three minutes' walk of hotels, will be found on Huntington Ave. or on Boylston St., these streets being one to three minutes' walk from the Back Bay and Huntington Ave. stations. The Westminster, the Victoria, the Vendome, the Oxford, the Nottingham and the Lenox are all within one to five minutes' walk from the Back Bay station and the Huntington Ave. station, and there is no car line which is of any service in reaching them from those stations.

Persons arriving by any division of the Boston and Maine system will find street car or elevated train service close to the exit of the North (terminal) Station, which will land them (in most cases requiring a change of cars) within one to three minutes' walk of all hotels.

1. The Hotel Essex is just across the street from the South (terminal) Station.

2. The United States Hotel is about five minutes' walk from the South (terminal) Station. There is no convenient car line.

3. Street cars run from the South (terminal) Station directly past the Adams House.

The Local Committee regret that it is impracticable to give directions as to the particular cars to be taken for each hotel, the points where cars should be changed, and points where the cars should be left. They are confident, however, that railroad officials, police officers and street car conductors will give courteously all the needed information.

CAB FARES.

Cab fares from the Back Bay station, the Huntington Ave. station or the South (terminal) station to all hotels are 50c per person. Cab fares from the North station to all hotels between that and Berkeley St. are 50c per person; to all hotels beyond Berkeley St., \$1.00 for one or two persons and 50c for each person in excess of two.

One trunk is carried free; a charge of 25c is made for each trunk in excess of one.

TAXI CAB FARES.

Taxi cab fares from the Back Bay or Huntington Ave. stations to all hotels will not exceed \$1.00. From the North (terminal) station to all hotels between that and Park St., 50c; to hotels between Park St. and Exeter St., fare will not exceed \$1.10. The above rates are for one person; there is a charge of 20c extra for each person in excess of one.

There is a charge of 20c for each package or small trunk carried outside, and some taxi cabs decline to carry trunks at all.

NATIONAL ORGANIZATIONS

Which will meet in Boston, at, or near, the time of the Conference.

In announcing meetings to be conducted by other organizations in connection with the National Conference, the Executive Committee expressly disclaims any responsibility whatever, either for the holding of the meetings, or for the nature of the organizations.

The Committee, however, believes that every organization and society advertised in this, or any of its Bulletins, is entirely worthy of confidence.

PUBLICATIONS OF THE CONFERENCE.

A file of the Proceedings of the National Conference of Charities and Correction should be found in the sociological department of every Public and College Library. Every Charity Organization or Child Helping Society ought to have a library for the use of its agents, and the Proceedings form an indispensable part of, and an excellent beginning for, such a library. The offer of free, and partially free, volumes which appears below should be embraced while it is open, by every College, Public Library, Society and Institution, not now possessing a file.

THE PROCEEDINGS

are published annually. Recent volumes contain about 650 to 675 pp. bound in cloth, price \$2.00. The membership subscription includes a copy sent free to each member. The volume is sold to State Boards and Societies at a liberal discount in quantities of ten copies or more.

FILES.

Complete files of the Proceedings, from 1874 down, can no longer be procured, but many of the most valuable volumes are still in stock. Beginning with 1882 they are all available, except those for 1886 and 1888. They are for sale as follows: Volumes prior to 1893 at \$1.00 per copy; from 1893, \$1.25 each; current volume, \$2.00. These prices include postage or express. A liberal discount is made on the purchases of ten or more volumes.

There are frequent demands for full sets and the Secretary will be glad to exchange with, or buy from, owners of volumes of an earlier date than 1889 on liberal terms. Please write to the Secretary if interested.

FREE TO COLLEGE AND PUBLIC LIBRARIES.

A recent action of the Executive Committee authorizes the Secretary to offer to Public, College and Institution Libraries, without charge except for shipment, copies of certain volumes of which there is a surplus on hand. For some of these a charge for binding must also be made. The list of surplus copies available under this order is as follows:

Free, except freight, etc., the volumes for 1889, 1894, 1904, and 1907.

With a charge of 50c per volume for binding, in addition to freight, etc., the volumes for 1892, 1893, 1897, 1898, 1900, and 1901.

THE GUIDE TO THE STUDY OF CHARITIES AND CORRECTION:

by means of the Proceedings of the National Conference (using 34) volumes, 1874 to 1907). Cloth, 353 pp., price \$2.00, or by mail postpaid, \$2.25.

The volumes of the Conference contain an unequalled collection of material for study in the departments with which it is concerned; but the papers and discussions on a given subject are distributed through so many volumes as to be practically inaccessible to the busy man, nor do the titles always give an accurate idea of the whole contents of papers.

THE GUIDE consists of brief reviews of about 1,200 papers, addresses and reports, contained in the volumes; with references to about 2,000 passages in the Discussions and the Reports from States. These are arranged into chapters, with sub-titles of sections. The comparative importance to the student of the different articles on a given subject, is indicated partly in the text, and partly by the size of type used.

An appendix to **THE GUIDE**, using the volumes 1908 to 1912 inclusive, will be compiled next year and issued as a **BULLETIN**.

CUMULATIVE INDEX OF THE PROCEEDINGS

of the National Conference of Charities and Correction (volumes 1 to 33—1874 to 1906 inclusive) in four parts, 197 pp., cloth, uniform with the Guide and Proceedings, price \$1.00, or by express, prepaid, \$1.15. Part 1, Alphabetical Finding List by Authors' Names and Titles of Papers, Addresses and Reports; Parts 2, 3 and 4, complete Topical Index of 33 volumes. Part 1 may be had separately; price 25c, paper.

STUDENTS' LIBRARY EDITION OF PART 1 OF THE CUMULATIVE INDEX.

Printed on bond paper with blank inter-leaves, suitable for the basis of a catalog of a Sociological library; 100 pp., cloth, price 75c by mail. (The edition in this form was suggested by a Professor of Sociology, who is using it for a catalog for his private library.)

A Five Years' Appendix to the Cumulative Index, including the topics of 1911, will be published as a Bulletin (**free to all members**) immediately after the publication of the volume for the current year.

THE NATIONAL BULLETIN.

The Bulletin is used as a medium of communication between the Executive Committee and the members. A copy is sent free to each member or sold, price 25c per copy. Four or more issues yearly, price 50c per annum.

REPRINTS.

Each year some of the best and most generally useful of the papers read at the Conference are reprinted in pamphlet form, and sold at a nominal rate. List of reprints on hand with prices, will be furnished by the Secretary on request. Address **Alexander Johnson, Fort Wayne, Ind.**

MAY 20 1911

The National Conference of Charities and Correction

Established 1874.

ITS PURPOSE.

The National Conference of Charities and Correction exists to discuss the problems of charities and correction, to disseminate information and promote reforms. It does not formulate platforms.

MEMBERSHIP.

All persons who are interested in charities and correction may become members by registering their names and paying the annual fee.

The Conference has no endowment and solicits no large contributions. Its support is from membership dues (annual and sustaining) and the sale of its publications; with the addition of a contribution towards publishing the proceedings, made annually by the Local Committee of the city in which the meeting is held.

Each member is entitled to a copy of the Proceedings (about 650 pp. cloth, price \$2.00) and the National Bulletin. Sustaining Members (on request) receive an additional copy of the Proceedings. Members are also entitled to the services of The Bureau of Information without charge.

The annual membership has been held at the small sum of \$2.50 so that no interested person may be debarred. To meet expenses and to help extend the influence and usefulness of the Conference, those able to afford it are invited to become Sustaining Members, paying ten dollars annually.

The present membership is about 2,000 annual and 200 sustaining. The Executive Committee earnestly desires to increase the membership by fifty per cent. during the current Conference year.

Membership is not conditional upon attendance, but those who purpose attending can facilitate the work of registration, etc., if they will kindly send their membership in advance.

Address

ALEXANDER JOHNSON,
General Secretary,
Fort Wayne, Ind.
